

EXPANDING SUPPLIER REACH, HELPING CUSTOMERS SUCCEED

The mission of EDGE Global Supply™ is to build a network of distribution companies in high growth and emerging markets by leveraging the members' expertise, financial strength and supplier relationships. EDGE was formed, January 2012, by a group of leading North American electrical distributors. The members of EDGE strongly believe that by creating a global entity and utilizing their industry experience, they can accelerate the growth of non-North American distributors and provide superior customer value.

EDGE MEMBERS AND LEADERSHIP

EDGE is comprised of 11 founding members including French Gerleman Electric Company, Gerrie Electric Wholesale International Inc., Horizon Solutions LLC, Kendall Electric Inc., Kirby Risk Corporation, McNaughton-McKay Electric Company, North Coast Electric Company, Revere Electric Supply Company, The Reynolds Company, Van Meter Industrial Inc. and Werner Electric Supply Company.

One of EDGE's goals is to attract and bring significant value to automation and electrical suppliers. The EDGE members collectively represent \$3.5 billion of sales, and 4600 employees in more than 200 locations. All share a long history of success (some more than 100 years) as market leading distributors.

THE ADVANTAGE OF THE EDGE MODEL

- ◆ **Market making distribution experience and skills:** create competitive differentiation
- ◆ **Local market knowledge and customer intimacy:** ability to identify and convert new business
- ◆ **Technical competency:** sales and product specialists assisting customers in applying their products
- ◆ **Expanded product line portfolio:** drive growth and penetration within the customer while leveraging the sales among many product lines
- ◆ **Operations excellence:** supply chain logistics, business systems, processes and procedures that maximize efficiency
- ◆ **Contemporary infrastructure:** warehouse, sales offices, state-of-the-art communications, training and meeting facilities

LADDER

LADDER AUTOMAÇÃO INDUSTRIAL LTDA was the first acquisition by EDGE in July 2012. Ladder operates primarily in the Brazilian states of Sao Paulo and Rio de Janeiro. Ladder is an authorized distributor for Rockwell Automation, Belden, Fluke, Fluke Network, Cognex, Data-Linc Group, Panduit, ProSoft Technology, Shimpo, Molex, Flir, Stratus, Pentair-Hoffman, Grace, Eplan, Pepper Fuchs and Satech Safety Technology. Ladder was founded in 1991. Their customers include leading global and regional companies in the automotive, tire, consumer products, oil and gas, metal and pharmaceutical industries.

INTERENG

INTERENG AUTOMAÇÃO INDUSTRIAL LTDA became an EDGE company in January 2014. Intereng operates in the western Brazilian states of Sao Paulo, State of Mato Grosso Sul and the southern tip of Minas Gerais. Intereng is an authorized distributor for Phoenix Contact, Dynapar, Fluke, Panduit, ProSoft Technology, Fandis, Rockwell Automation, Stratus, Eaton, Belden, Cognex, MTS Sensors, Pentair and Satech Safety Technology.

Intereng can provide a broad range of technical services to complement the automation and electrical products they distribute. Through a relationship with their sister company, INBOX Painéis Elétricos, Intereng can also provide engineered automation, drives and electrical assemblies.

LAAX

LAAX TECNOLOGIA DE INFORMAÇÃO LTDA was founded in 2009 and became an EDGE company in January 2014. LAAX covers the Brazilian Datacom market with headquarters in São Bernardo do Campo. They are an authorized distributor for Panduit, Commscope, Fluke Networks, and Pentair and are focused on providing a high level of customer service and technical expertise to a broad list of commercial, institutional and industrial customers.

WILLTECH

BEIJING WILLTECH CO. LTD. was founded in 2006 and became a leading Rockwell Automation distributor covering the Beijing, Tianjin and Shanxi markets with headquarters located in Beijing. EDGE purchased the majority of Willtech in August 2015 and together they will be working to expand their product lines. Willtech has a great history based on technical expertise and excellent customer support.

TECHNOLOGY BSA

TECHNOLOGY BSA was founded in 1997 and became an EDGE company in July 2017. BSA is a leading automation and mechatronics distributor headquartered in the Piedmont region of Italy. BSA provides products from leading global companies and is an appointed Authorized Distributor for Rockwell Automation and other leading partners including Cognex, DCM, Festo, Motovario, Phoenix Contact, and Rittal. In addition, BSA offers a broad range of technical services and packaged assemblies.
